ISSUE ONE HUNDRED NINE: AUG. 23, 2010

SHOOTING STRAIGHT

I am extremely proud of the members of the Hennepin County Sheriff's Office who delivered outstanding public safety services during the attempted suicide incident at the Government Center on August 24. Many different units throughout the agency came together very quickly and performed their duties in a professional and timely manner. Court Security, Warrants, and the Crisis Negotiation team --- were among those involved. The outcome was successful thanks to all of your efforts and the training that you, no doubt, relied on throughout the incident. The Sheriff's Office once again demonstrated quality and professional work.
